Celebrating 10 Years Of Bringing  
Civilisation To The Nation

A large bridge is under construction, featuring a tall central pylon and several yellow stay cables. The bridge deck is covered in scaffolding and construction equipment. A blue crane is visible on the right side of the bridge. The sky is blue with some clouds.

# ABOUT LUNGELIHLE CONSTRUCTION

Lungelihle Construction was formed in 2007, by Mr LN Sithole & Mrs. TP Sithole who both had a vision to create a business that would bring about civilization to South Africa by providing efficient & effective construction methods. The passion and knowledge for the industry has seen LTE experience sustainability within the industry.

Our mission is to construct infrastructure that can change people's lives in South Africa by building safe, secure and efficient structures. Our vision is to become one of countries leading construction companies within the next decade of our existence.

We also want to empower our project related communities by training local people (skilled and unskilled) to fill our project employment according to the relevant social development programmes, in order to transfer skills to the South African population.

## CELEBRATING 10 YEARS OF BRINGING CIVILISATION TO THE NATION

Lungelihle Construction is an affirmative construction company owned and managed by young black qualified individuals with 60% black women ownership. We specialize in the following:

- Bridges
- Roads
- Pump Stations
- Reservoirs, Waterworks, dams, etc
- Building Works
- Pipework
- Mechanical Engineering Construction

# THE COMPANY

Lungelihle Trading Enterprise CC is one of the fastest growing 100% black owned Civil Engineering entities in South Africa. We are fully committed to providing world standard civil engineering concepts of the highest degree.

Our main belief is increasing civilization by taking on projects that bring wealth and social development to our beautiful nation.

Lungelihle Trading Enterprise CC is owned by Lungani Sithole and Thembelihle Sithole with each partner owning 40% and 60% of the company respectively.

We as a company have managed to increase our yearly revenue turnover from R5.18 million in 2015 to R20.7 million in 2019 which is an estimated 400% growth ratio in 5 years. This is all state owned entities such as Transnet, Umgeni Water, SANRAL & RBIDZ. We have also done work for district municipalities such as Ugu, eThekweni, City of uMhlatuze and Kwadukuza. We have also subcontracted from some major contractors in RSA like WBHO.

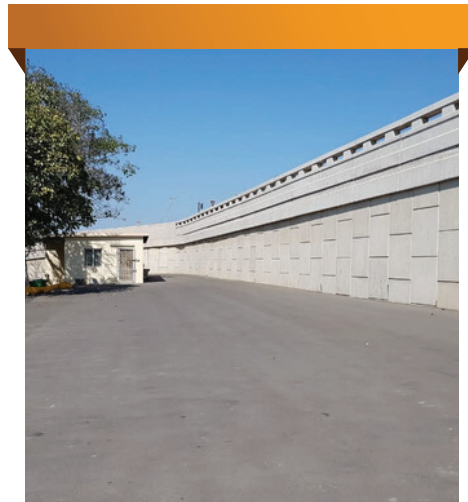

Our CIDB grading is 7CE, 4ME, 3GB, 1SD & 1SQ with our BBB-EE rating at Level 1 according to SANAS.

## EXPERIENCE

The company director Mr. Lungani Sithole has a National Diploma in Civil Engineering from MUT & a B Tech in Construction Management from DUT, he is currently studying towards his MBA with the WITS Business School business. He has over 17 year's experience in the Civil construction industry and has been involved in over 20 projects to date. The majority shareholder Thembelihle Sithole has an IT Diploma from PC Training and is currently studying her MBA with Regent Business College.

The company has over 10 years of experience in a variety of contracts which it has been involved in ranging from: Bridges, Reservoirs, Pump Stations, Buildings, Road works, Mechanical works, Pipe works and structural building works.
